Thank you for trusting Stain Buster's with your Carpet Tile & Upholstery cleaning needs. Here are some suggestions that will help both of us as you prepare for your cleaning:

- 1) Please remove any small items such as dining room chairs, magazine racks, floor plants, etc. from any areas that are being cleaned.
- 2) Please remove all breakable items from furniture which will have to be temporarily moved, cleaned under, and placed back.
- 3) Please pin up and skirts on upholstered furniture which may be touching carpet.
- 4) Computer equipment, china cabinets, sectional sofas, entertainment centers, antique and fragile furniture cannot be moved. However, carpet underneath such items can be cleaned where sufficient room is available or we can clean right up to and around the base.
- 5) Please pin up any full length draperies so that they will be at least six inches off the floor.
- 6) During the pre-inspection walk-through with your technician, please advise him of any special instructions to follow when moving your furniture, It is helpful to know about weak legs, loose tops over previous repairs.
- 7) Please call attention to any spots or stains which may require special cleaning techniques.
- 8) Please put your pet in a safe place where our cleaning won't disturb them.
- 9) A special note about odors: We do everything possible to reduce or eliminate pet odors. However, due to the depth of contamination, 100% success may not be attained without removing pad and sealing the floor.

Special After-Care Information:

- 1) Please leave plastic tabs and blocks under your furniture for 48 hours after cleaning.
- 2) As a safety precaution, Please do not let your children and pets crawl or lie down on the carpet until it is completely dry.
- 3) Please use extreme caution when walking from the damp carpet to any hard surface area.
